The main content area shows a table of video items with columns: Story #, Story Slug, TRT, Published, Format, Report (labeled '3'), Source, and Embargo. A red number '1' is placed over the 'Report' column for the item 'ND STUDENTS HELP IN FLOOD RELIEF EFFORT'. Section 2: Basic, Advanced and Category search or filtering options are located on the left side of the page.

Section 3: Customize Page Layout, Download Manager, Request Manager, Mini-viewer and Help buttons are located in the upper right corner of the page. The Help button (Question Mark) is where you can find the User Manual, QuickStart Guide, Contact Information and FAQs.

Section 4: "Request" and "Add to Request List" buttons are located on the lower right side of the page.

PREVIEW ITEMS AND REQUEST DOWNLOAD

From the Oasis homepage, there are two ways to preview story video and metadata, including scripts and supers.

- When on the Oasis main view, click once on the Mini-viewer button in the upper right corner of the page. This will temporarily hide the categories along the left side of the page. Clicking once on an item in the list will place that item in the Mini-viewer and begin playing a preview. Within the Mini-viewer you can request the item, conduct a proxy edit and see script and additional metadata. Close the Mini-viewer by clicking the camera icon again or the small "X" above the preview video.

The screenshot displays the CNN NewsSource interface. On the left, there is a mini-viewer showing a video of Pope Benedict XVI. Below the video are buttons for "Request" and "Proxy Edit". The main area is a table of news items with columns for Story #, Story Slug, Title, Duration, Published, Format, Reporter, Source, and Embed. A red arrow points to the "Embed" column header. The table contains various news items, including one about the Vatican Pope's blessing.
